Madrid, 1st of November 2007

FOOD CONTACT APPROVAL OF
TECHNODRY® AND TECHNOWET® ACCORDING TO DIRECTIVE
2004/19/EC

We, **INTERTRADE GRAPHIC S.L.** (ESB 82916800)

Certify that all the materials entering the composition of our bioriented polypropylene films marketed as **Technodry®** and **Technowet®** are included on the list of products accepted for the production of packaging materials intended to be in contact with food stuff, as per the European Union Plastics Directive 2002/72/CE (Art. 2) of 6 August 2002 and its last amendment 2004/19/EC.

Our materials have been tested according to the European Norms EN 1186-2 and EN 1186-3 and are in compliance with the requirements of the overall migration and with the specific migration limit of vinyl acetate for long term storage conditions up to 40°C, including hot filling.

Therefore, there are no objections in using the above mentioned films for the packaging of food. However, the final user should assure himself that our products are the adequate for the applications he needs in the packaging of his product.

A handwritten signature in black ink, appearing to be 'J. Garcia', written over a light blue circular stamp or watermark.
